

# Candidate Statement

Name: Nicole Colaianni

Chapter: Heidelberg

Position: Vice Chair

Gender: Female

## Candidate Statement:

Dear Heidelberg Chapter,

First, let me briefly introduce myself: I am currently a PhD student at Heidelberg University, working towards a doctorate in History. Specifically my topic of interest is gender in the United States; an interest that has carried over from my professional into my personal and political life! I have been a member of Democrats for exactly four years now. The inauguration of Mr. Trump was what led me to the organization, and personally, I consider this to be one of the few silver linings that came from that presidency. In the last four years I have seen the incredible work Nancy Schimkat has done for our chapter and tried to assist where I could. Additionally I was active in planning the Heidelberg Science March, several of the Heidelberg Women's Marches and the AGM in Heidelberg.

I would very much like to continue working for our organization, and hope you give me the opportunity to do this in the capacity of Heidelberg Chapter Vice Chair!
