

Candidate Statement

Name: Cliff Stuehmer
Chapter: Northern and Central Bavaria
Position: Secretary
Gender: Male

Candidate Statement:

We are all busy people with lots going on in our lives. The risk of information overload is credible.

Condensing a chapter's ideas, decisions, and lessons learned down to their core messages, and storing those messages for our future selves and others, is essential for any organization to operate efficiently -- else it will

- repeat lessons already learned,
- unnecessarily revisit its past decisions, and
- lose time on administrative aspects

... instead of *doing* and *succeeding* and *sharing*, internally and externally.

These are the principles that will guide me as the Secretary of the North and Central Bavaria chapter of Democrats Abroad Germany. Thank you in advance for your confidence in me!
