

# Candidate Statement

Name: Sarah Mulloy  
Chapter: Northern and Central Bavaria  
Position: Vice Chair  
Gender: Female

## Candidate Statement:

I am originally from Kansas City, Missouri, and moved to Germany in 2004 from the Detroit area for my husband's job. A long-time Democrats Abroad Germany member, I was part of the team that founded the North & Central Bavaria chapter, with support and guidance from Candice Kerestan and Katie Solon. I helped organize and operate a 2020 primary voting center – the first of its kind in Regensburg – and I was appointed Acting Vice Chair at NCB's founding in June 2020. I greatly enjoyed reaching out to members of the new chapter and helping them exercise their right to vote in the crucial 2020 election. The work that Democrats Abroad has allowed me to do and the support from other members, NCB's leadership and DA Germany's officers has been really affirming in a difficult time. I look forward to our new chapter's future and would love to continue in the role of Vice Chair.

## Endorsed by:

### Endorsement 1: Candice Kerestan – Chair, DA Germany

I first met Sarah Mulloy in 2019 at a Democrats Abroad (DA) meet-and-greet in Regensburg. In preparation for the 2020 election, DA was looking to expand and improve our outreach in mid-sized German cities. Upon meeting Ms. Mulloy, she was highly interested in helping us reach U.S. citizens in the Regensburg area and eager to get started.

Shortly thereafter, Ms. Mulloy not only began learning more about DA by attending national meetings and events, but she transported this knowledge back to Regensburg and actively sought opportunities to create a DA community there. One of the most notable examples of this is her involvement in organizing a Global Presidential Primary

voting center in Regensburg in March 2020, a project which required intense cooperation with the national and global levels of DA for a successful implementation locally. Ms. Mulloy's willingness to get involved in such projects, coupled with her vision and determination to execute them well, has helped DA to become more accessible and present in North & Central Bavaria, as well as allowed the local group to blossom into a full-fledged DA Germany chapter in 2020.

As DA Germany Chair, each experience I have had with Ms. Mulloy has been professional and pleasant, and I am confident that her professionalism and ability to organize would continue to benefit the North & Central Bavaria Chapter. For these reasons, I endorse Ms. Mulloy for the position of North & Central Bavaria Chapter Vice Chair, and I strongly encourage you to support her candidacy.

#### Endorsement 2: Tammy Bosler

I have known Sarah for many years, and I have worked with her in the NCB chapter since its inception. She is extremely well organized, enthusiastic, and fantastic at networking. I believe that her most valuable asset for the chapter is her innate ability to 'keep her eye on the ball' when organizing people and events. She does not only set the direction for a plan, she is able to delegate and stay on top of tasks until they are completed. Her skill set is ideally suited to political leadership on the grass roots level where the details matter. I, personally, look forward to working with her going forward and seeing how she grows our chapter into a thriving community.

#### Endorsement 3: Saehee Chang

I am happy to endorse Sarah Mulloy for our NCB chapter Vice Chair position. She brings dedication and passion to this position and is extremely competent in her role. She has managed our meetings effectively organized us in a timely manner, and always works diplomatically in her approach.

As a new volunteer I asked Sarah for a lot of help and advice last year. She was always accessible and helpful with my questions and offered patience and understanding.

I look forward to Sarah's leadership this new year and excited for our work in 2021!
