

# Candidate Statement

Name: Sasha Arrington

Chapter: Stuttgart

Position: Chair

Gender: Female

Candidate Statement:

The past year has been tumultuous! After successful primaries in February, I was looking forward to helping get Biden elected. Little did I know that our cherished chapter chair would be relocating & looking for someone to jump in as her interim. I enjoyed that time immensely: postcard coloring events, call hub sessions & all the voter information tables we held. In addition to our fun chapter meetings, which give us the chance to connect, discuss & plan future events. I would be very happy to continue as your chair & look forward to working together as a team for the future of our country!
