

Candidate Statement

Name: Anika Kreckel
Chapter: Saxony
Position: Vice Chair / Treasurer / GOTV Coordinator
Gender: Female

Candidate Statement:

As a recent graduate of a master's in Sustainable Development, I am always looking for ways to improve sustainability personally, professionally, and politically. Given that policy is a key element of effective sustainability transitions and countless other social issues, I am extremely motivated to encourage more people to be politically active--especially young voters who are concerned for their futures.

That's why I am running for Get-Out-The-Vote (GOTV) Coordinator Saxony. Even though we live abroad, it is incredibly important to remain in tune to what is going on back home and continue to support policies and politicians that make us proud of the United States.

With experience organizing a variety of club events in the past, I am well equipped to create several ways to engage Democrats in Saxony in their local US elections, even in a non-general election year.

Alternately, I am running for Treasurer or Vice Chair, as these two positions also entail engaging the community, gaining additional support for Democrats Abroad and require organizational expertise, which I excel at.

Therefore, I ask for your vote as GOTV Coordinator, Treasurer, or Vice Chair of DA Saxony, so that I can help extend our presence here in Saxony and strengthen the amazingly motivated community we have begun to develop!

US Voting State: Rhode Island
