

Ever since meeting Shari Temple in 2006 when she was Munich Chapter Chair, I have only known her to be a diligent, well-organized, hard-working, inspiring, and committed member of DA. She knows this organization inside out and has served in numerous positions on various levels of DA (e.g., DAG Secretary, DAG Vice Chair, DAG Chair, EMEA Regional Vice Chair). She is a team player, a good listener, and has a great sense of humor – all characteristics direly needed in an all-volunteer organization like DA. One of her latest local contributions was to organize Munich’s Global Presidential Primary voting center on Super Tuesday 2020 – and as everyone attending the Munich AGM last year saw – she found an entertaining way to teach us all the necessary rules and procedures for holding a successful voting center. Shari is also an experienced spokeswoman. In 2008, when she became a DA delegate to the National Democratic Convention in Denver, she gave over 40 interviews to German, American, and other English-language media outlets, making her every DA Media Coordinator’s dream delegate. She is a founding member of the DA Women’s Caucus and heads the DA campaign for ERA ratification. She has been a speaker at several of the Women’s Marches in Munich since 2017. She is a long-time member of the Global IT Team and has headed it for several years now. For these reasons I strongly endorse Shari Temple for the position of DPCA Voting Representative. DA will profit from her commitment and experience.
