

It is a great honor and pleasure to endorse the re-election of Shari Temple as DAG Voting Representative.

Last week, Shari was selected by the DA international Excom to serve as Interim International Secretary following the resignation of the serving Secretary. Why?

Experience at all levels of DA: European Regional Vice Chair, DAG chair, DAG vice chair, DAG secretary, DA delegate to the 2008 national convention, a key founder of Vote from Abroad in 2004, DA IT director and the single person responsible for the effective country committee membership count that resolved DA's most serious ethical challenge in the past 20 years. In short there are few people in our history with the knowledge and perspective to speak to and for our country committee and the international organization that DA has become.

Her leadership in the fight to secure the adoption of the ERA amendment to the Constitution emphasizes her commitment to democratic values. Her voice as DAG voting rep brings our country committee to the forefront of DA around the world.

Please re-elect Shari to the position of DA Voting Representative!

John McQueen  
Former DAG Excom Member
