

I am honored to endorse Shari Temple as voting rep for DAG. Throughout my years with DA, Shari has been a mentor, team leader, and partner, giving 200% to everything she does. She is both innovative and practical, an outstanding project manager and organizer. When approaching a decision, she does so logically and fairly, researching the issue and listening to each argument carefully before making up her mind. Her years of experience, combined with the true progressive's understanding that there is always a way to improve a process, makes her ideal as a voting rep for Democrats Abroad Germany.
