

I strongly support Ron Schlundt as Treasurer for Democrats Abroad Germany (DAG).

The Treasurer position is a critical role for our organization. It requires a deep understanding of the Federal Election Commission (FEC) rules on how DA Germany handles money – what money we can accept and how we can spend our money. DAG is lucky to have someone like Ron that already understands those rules. In addition, Ron is dependable. You can count on him to keep track of our finances and ensure our bills are paid on time. He has the right skills for the job.

Ron has served DAG in the past as Treasurer and that experience and knowledge will well serve us in the next two years. In addition, Ron is a valuable part of our Executive Committee with all his institutional knowledge of DA and DAG.

Please join me in re-electing Ron to serve as our DAG Treasurer.
