

I have had the great pleasure of knowing Kenton for two years now as Vice Chair for DA Germany and Precinct Captain in Braunschweig. I know him as a person who is passionate about democracy, the right to vote, and social and racial justice. I believe whole-heartily that Kenton is serving DA with distinction. Kenton was the driving force behind starting the Braunschweig precinct. He served as the LGBTQ Caucus Chair and was one of the organizers for the 2020 AGM in Munich. In Braunschweig he set up a polling station for the GPP and was active at GOTV tabling events. He has participated in important Black Caucus events such as the Black History Marathon. Kenton has gone far above and beyond the general job requirements for vice chair of DAG. He is knowledgeable about the organization and to continue learning he has participated in the EMEA 2018 in Barcelona, the Global DA meeting in 2019 in Japan, and in leadership workshops. Throughout the 2020 election season Kenton has been a steady and knowledgeable presence on very many occasions in the German media. In interviews and debates he has positively represented DAG and Americans living abroad when being interviewed on the elections and other topics of interest to Germans. I am enthusiastically endorsing Kenton as the perfect choice for Chair of DA Germany. His broad experience, continuous leadership, passion, and dedication to Democrats Abroad is the right stuff to follow in the footsteps of our current Chair, Candice Kerestan.

Christian J. Gross – DA Chapter Chair, Goettingen-Hannover
