

I fully support Kenton Barnes' election as Chair. I met Kenton through Democrats Abroad four years ago. He built up the Braunschweig Precinct during those years, was the DAG LGBTQ Caucus leader, and we elected him as DAG Vice-Chair in 2019. I have worked with him on many projects, and I am always glad he is involved. Kenton is a motivated and welcoming leader who I have come to rely on over the years.

Additionally, he is a brilliant person who is also a lot of fun. Kenton is excellent with the media and has represented DAG and Americans living abroad very well when being interviewed. I can think of no one better for the position.

I urge all members to vote for him in the upcoming elections.
