

I am writing on behalf of Jennifer von Estorff, candidate for National Secretary of Democrats Abroad Germany and for DPCA Voting Representative. Since I have known Jennifer, I saw how she took the lead in reviving, what was in 2019 the Hannover Precinct, and how she, as its Captain, ushered in period of growth. Soon thereafter, the Precinct became large enough to warrant a change in the chapter's name. As a result, the Göttingen Chapter was renamed the Göttingen-Hannover Chapter reflecting Hannover's important role in it, and Jennifer was appointed the Chapter's Vice Chair. Her leadership and dedication to the chapter, led to her being appointed National Secretary in 2020, a job that she has executed, and continues to execute beyond expectations. Here, she displays a keen sense of organization, efficiency, and timeliness, qualities that are necessary for a job of this nature. In addition to her duties as Chapter Vice Chair and as National Secretary, leading up to the 2020 election, Jennifer worked on the Voter Assistance Team which helped hundreds of voters request and submit their ballots, and helped resolve numerous problems associated with these processes. Jennifer has proven herself to be an invaluable and integral part of Democrats Abroad Germany, and it is with great pleasure that I endorse her for the position of National Secretary.
