

I whole-heartedly endorse Quaide Williams as a DPCA Voting Representative (VR) representing Democrats Abroad Germany (DAG).

I have had the honor of knowing Quaide since 2004 - when we were both part of Overseas Voters for Kerry. Since then, I have worked with him at the Munich Chapter level, Germany Country Committee level, and at the DA International level.

Quaide has been a dedicated volunteer for DA over the years investing tons of hours. He has been personally instrumental in raising the professionalism of DA. His idea to have quality brochures for DA Germany has blossomed into a co-op with DA merchandise raising both awareness and needed money. This is just one example where his ideas have help DA.

Quaide knows the organization and has a good rapport with DA leaders around the world. He knows how to gain support for important issues.

I strongly believe that we need a mix of DA experienced leaders and new leaders as VR's. Quaide is definitely an experienced leader that would serve us well.

I would appreciate your vote for Quaide for one of the DAG DPCA Voting Representative positions.
