

I am very happy to endorse Courtney Newman for the role of Events and Fundraising on DA's Executive Committee.

Courtney's role as the Youth Caucus chair as well as her dynamic activism as a member of the Cologne/Bonn Chapter make her a great candidate for Events and Fundraising. As the Cologne/Bonn Chapter Chair, Courtney has often approach me with ideas to team up on events. It has always been a pleasure to collaborate with the Youth Caucus given Courtney's creative ideas and reliable nature. Thanks to Courtney's support, our chapter held postcard coloring events and a fun Trivia game to get to know the new administration, and she has assisted at several Chapter level GOTV events and marches. Her activism at the Chapter level combined with her Caucus role experience brings the necessary know-how and training to an Executive Committee position at national level.

I believe the person who holds the role of Fundraising and Events should have qualities including being a people-person, a mobilizer, and have the ability to think outside the box - Courtney perfectly fits the bill. In addition to her already established understanding of Chapter and Caucus level event planning, she has a real knack for activism and brings enthusiasm to her role, and therefore I believe Courtney would be a wonderful and energetic Events and Fundraising Chair.
