

I enthusiastically support Courtney Newman in these elections. I have had the pleasure to work with her as part of the Global Youth Caucus over the past year, and she is a dream to work with. Courtney always contributes excellent ideas, asks good questions, and has an incredible work ethic—you can count on her to follow up with everything she commits to. She is not afraid to ask questions and get feedback when she feels she needs it before making big decisions; it is this humility and careful thought she puts into her work and decision-making that would make her an ideal voting representative. I believe that any team would be lucky to have Courtney on it and truly hope you will elect her. DCPA would benefit greatly from it!
