

I would like to enthusiastically endorse Courtney for the position of Event and Fundraising Coordinator! Courtney and I have worked well together as global caucus chairs. As global caucus coordinator I was always grateful for her fresh ideas and team spirit. I came to really appreciate her organizational talents though most recently as we tried to hammer out better guidelines for DAG caucus leaders in a working group. Tenacious! Organized! Diplomatic! Inclusive! These are the words that come to mind when I think about our collaboration. She naturally took the lead of our group. She led our discussions, made sure all points of view were respected, and reminded us of our deadlines. DAG would be well-served with Courtney in a leadership position.
