

I am very happy to endorse Powen Shiah as Treasurer for Democrats Abroad Germany (DAG). I met Powen in 2016 during the DA Global AGM in Berlin when I was the DAG Communications Coordinator. I was immediately impressed by his dedication to the DA vision to mobilize the overseas vote and to give all Americans abroad a voice although – or possibly because – Powen was then fairly new to DAG. The Berlin Chapter has been lucky to have Powen's leadership since 2015, helping its membership to grow by organizing events and meetings and mobilizing members. He has shown strong knowledge and skills in supporting DAG communication efforts at the national level in his role as the Berlin Media & Communications officer.

Since I have been the DAG Press Coordinator, I have been able to depend on Powen to represent DAG with German press in a professional manner. Especially during this crucial presidential election, Powen has done an outstanding job coordinating press appointments – often under time pressure – while juggling his other pressing duties on the Berlin Chapter board.

Democrats Abroad Germany would greatly benefit from having Powen's dedication, knowledge, and dependability and professionalism under pressure in the role of Treasurer for DAG and I, therefore, endorse Powen for the position.

Beverly Seebach
DAG Media Coordinator
