

It is with great joy that I endorse Powen Shiah for DPCA Voting Rep. I have worked closely with Powen as a fellow DPCA Voting Rep ('19-'21) and on the DA Berlin Chapter Board ('17-'21).

Powen is passionate about Democrats Abroad Germany and making sure that each aspect of our organization is professional and effective. From his work on the chapter level with press and communications, to assisting the DA Global IT Team, to helping kickstart the DA AAPI Global Caucus, Powen brings out the best of each part of our organization that he is involved with. Resilient volunteers like him keep our org running and help us win elections!!

I am absolutely convinced that Powen will continue to immensely contribute to DA Germany as a DPCA Voting Rep. The role requires the Voting Rep to elect our global leadership, approve our platform, and represent our members from Germany at the international level. Powen will make informed decisions that represent our membership and bring us closer to a progressive future that we are collectively working towards.

Powen would do a great job of communicating information to the international level and then back to our membership. As a personable, outgoing, and sharp person, Powen has all the qualities to act as an impactful liaison within our organization.

Please join me in voting for Powen for DPCA Voting Rep, for an accountable, constructive, progressive, and down-to-earth Democrats Abroad !!
