

It is with great pleasure that I endorse Anya Leonhard for DPCA Voting Rep!

I first got to know Anya through our work as Bernie Sanders Delegates to the 2020 Democratic National Convention. I can strongly attest to her passion for Democrats Abroad, social justice, and most importantly for this position, her ability to work on (and lead!) a team that gets things done.

As Delegate, Anya represented Democrats Abroad to the Democratic Party. In this role, I saw her actively reach out within our delegation and also to other delegates from other states, always concisely communicating what DA is, why we are important, and the progressive values we stand for. I am confident that Anya would be able to apply the very same leadership, communication, and interpersonal skills as a DPCA Voting Rep who represents Germany to the international level of Democrats Abroad.

As a current Germany DPCA Voting Rep, I can easily imagine how Anya would be able to strengthen our delegation to the international level of Democrats Abroad from day one. Our role as DPCA Voting Reps is to represent our country committee's membership and vote on the leadership and direction of DA as a whole. I can think of very few people who would be better at representing our 14 chapters and our next generation of leaders than Anya.

Please join me in voting for Anya for DPCA Voting Rep!
