

The members of Democrats Abroad Germany are very fortunate to have Anya Leonhard as a candidate for DPCA Voting Representative. I'm thrilled to have the opportunity to endorse Anya Leonhard: I know she will bring the clarity, empathy, and commitment to the role that the Germany country committee deserves.

Having served as a 2020 DNC delegate for Sanders, Anya is already connected to other leaders and volunteers across Democrats Abroad, and experienced in turning progressive values and positions into platform policy and a vision for the direction of our organization.

Working closely with Anya in the global Asian American & Pacific Islander Caucus, I've seen her commitment to racial justice, community building, and making Democrats Abroad more inclusive. She's taken on many projects and responsibilities, from organizing speakers to social media outreach.

As a current DPCA Voting Representative for Democrats Abroad Germany, I strongly believe Anya would be an excellent addition to our delegation and advocate for Germany's members in this global body. With her active involvement on the local chapter, national, and international levels in Democrats Abroad, Anya will add on-the-ground and practical perspectives to the deliberations.

I'm excited to cast a vote for Anya Leonhard for DPCA Voting Representative, and I hope you'll join me!
