

I am writing in support of Anya Leonhard's campaign for DPCA voting representative in Democrats Abroad Germany. I have had the pleasure of working with Anya on the Global Asian American Pacific Islander Caucus. Anya serves as the Head of our Speaker's Working Group and has shown initiative and dedication to the organization by planning several speaker events. Serving this capacity has also given Anya the opportunity to learn more about the global organization and network with a variety of members, skills necessary for the desired position. I am confident in Anya's ability to serve as a DPCA voting representative and therefore believe Anya's election to be in the best interest of the country committee.
