

Dear Democrats Abroad Germany,

I am writing to give my support and endorsement to Pat Klipp for the position of DAG/DPCA Voting Representative.

Pat Klipp has excellent experience as an organizer, manager and has exhibited strong knowledge and skills in these areas. Pat became the Frankfurt Chapters Chair person after Karsten Hirsch resigned in the middle of his term, and went on to serve 2 more terms as chapter chair.

During her tenure Pat was very passionate about Black Lives Matter and police brutality issues and organized the demonstration „ On Bended Knee“ in Frankfurt city in support of Colin Kaepernick.

Her interaction with members and the general public is always with integrity and respect. Through her efforts and events like “Phone Banking“ “GOTV”, “Christopher Street Day parade“ „New Commers Festival“ and many more was she able to increase the Frankfurt chapters membership count considerably.

Due to her experience working as office manager for the designer Halston, she is very competent and her ability to get the job done is rivaled by none.

It is without reservation that I endorse Pat Klipp's application for DAG/DPCA voting representative.

If you have questions about this endorsement please contact me at any time.

Sincerely,

Donald Ridgeway
