

**Greater Detroit Chapter Democratic Socialists of America
Candidate Questionnaire State and County Office
(State House/ State Senate/ Statewide Office/ County Commission/ Countywide Office)**

Dear Candidate,

A Detroit DSA endorsement means that the Chapter is committed to supporting the endorsed candidate spread democratic socialist values and win their primary/general election. At a minimum, once an endorsement is issued, the Chapter will (1) publicly announce the endorsement (at general membership meetings, via e-mail, on social media, etc.) and (2) engage in voter canvassing (i.e., door knocking and phone banking). In some cases, an endorsement may also entail other material assistance, including but not limited to fundraising. The level of support ultimately provided will depend upon Detroit DSA's available resources, the strategic importance of the race, and enthusiasm for the candidate among the Chapter's general membership.

For more information about our endorsement criteria, see our *Endorsement Policy* either provided with this questionnaire or available upon request.

Your responses to this questionnaire will help us understand your positions, your campaign and any issues specific to your community. Answers to each question should not exceed 300 words.

Please return your completed questionnaire via email **within 10 days** to electoralcom.dsadet@gmail.com. Short and direct answers are sufficient. If you do not receive confirmation of receipt within 5 days, please alert us as soon as possible.

A request for interview may follow.

Any questions about our endorsement process should be addressed to electoralcom.dsadet@gmail.com.

Thank you for stepping up to run for office. We look forward to receiving your responses.

In solidarity,

Gillian Talwar and Carlos Salazar
Chapter Electoral Committee Co-Chairs
