

Ward 3

Thank you for participating in Cycle 1 of the PB Durham election. Please read the instructions before completing the ballot.

- You may select **up to ten** projects to rank. Each project listed on the ballot has an assigned letter.
- Rank the projects in order of your priority from 1-10. **1-top priority, 10-tenth priority.**
- If you rank two projects with the same rank your ballot will not be counted
- If you rank more than ten projects your ballot will not be counted.
- Be sure to fill in your rankings on last page of the ballot. In order for the ballot to be complete. See below for an example.

	1 st Highest Priority	2 nd	3 rd	4 th	5 th	6 th	7 th	8 th	9 th	10 th Lowest Priority
Project Letter	D	F	G	A	B					

Arts and Culture				
A	Rank:		Art Displays on E. Chapel Hill St. Buildings	\$60,049
Installing art displays on blank building walls in area of Convention Center garage walls.				
Health and Wellness				
B	Rank:		LGBTQ (lesbian, gay, bisexual, transgender, and questioning)	\$113,300
We are proposing the creation of an LGBTQ+ Youth Center that will allow the current center to expand its mission to intentionally focus on the City of Durham's LGBTQ+ youth population. This center will function as the singular physical hub of LGBTQ+ youth resources that currently scatter the city and increase their reach. The space will value and honor youth leadership and wisdom while focusing on enhancing individual agency and empowerment. It will also feature targeted programming and educational events designed to support youth in the development of positive self-concept, resiliency, building social and vocational skills, and leadership skills.				
Other				
C	Rank:		Accessible Ramps for People with Disabilities	\$56,650
To set aside a grant fund for Habitat or other community partners to access to perform accessibility modifications to housing stock in Durham.				
Parks and Recreation				
D	Rank:		The Life Center-Science, Technology, Engineering and Math (STEM) Equipment for Youth After School Program	\$145,991
The Life Center provides After-School program for grades K-12. The Life Center would use PB funds to purchase STEM equipment to include XPS laptops, flight simulators, Marker Replicator 3D printer, etc. The equipment is needed to enhance existing program, expand services, and ensure that underserved kids in Ward 3 have an opportunity to benefit from STEM projects.				

Safety and Environment				
E	Rank:		Bus Shelters with Reclaimed Art and Solar Panels	\$395,757
Install bus shelters at existing stops that lack shelters and other stop amenities in nearby areas. To improve the ridership experience and aesthetics as well as contribute to renewable energy generation, shelters will include artwork commissioned by local artists using reclaimed materials as well as solar panel installations at select that will power lights and USB charging stations.				
Safety and Environment				
F	Rank:		Durham Housing Authority (DHA) LED Lighting and Security Cameras	\$57,783
Lighting improvements and the installation of security cameras on Durham Housing Authority (DHA) properties. The Ward 3 properties include Damar Court.				
Safety and Environment				
G	Rank:		Solar Electric Vehicle Charging Station`	\$81,222
Install a portable, solar electric vehicle charging station at the Lakewood Shopping Center on the Scrap Exchange/Reuse Arts District (RAD) parking lot. Annual \$8,000 cost.				
Safety and Environment				
H	Rank:		Technology for Durham Public High and Middle Schools	\$790,746
This project will provide Durham Public Schools (Jordan High School, Githens Middle, Lakewood Montessori Middle School, and Rogers-Herr Year Round Magnet Middle School) with funds to purchase and replace Epson Brightlink 685 Wi Projectors used in classrooms at the following high/middle schools: Jordan High, Githens Middle, Lakewood Montessori Middle School, and Rogers-Herr Year Round Magnet Middle School. DPS administration identified a need for working projectors in the classrooms as a major priority. Teachers rely on projectors every day, which are used for lessons, conducting research, watching educational videos and solving problems among many other things.				

Safety and Environment				
I	Rank:		Wi-Fi Hotspot Picnic Tables	\$123,750
Citywide: Install solar-powered, fully-integrated Wi-Fi hotspot picnic tables at nine DHA properties to provide free, public access to the city's planned fiber optic network. Eight DHA properties have been identified for installation: McDougald Terrace, Cornwallis Rd, Liberty St., Oxford Manor Edgemont Elms, Oldham Towers, Preiss Steele, and Damar Court.				
Streets and Sidewalks				
J	Rank:		Chapel Hill Road Sidewalks	\$790,746
Connect some sidewalk gaps on Chapel Hill Road between W. Chapel Hill Street/Durham University Rd and W. Cornwallis				
Streets and Sidewalks				
K	Rank:		Pedestrian Crossing at Intersection of James and Nation	\$52,118
Pedestrian crossing at the intersection of James Street and Nation Avenue, including curb ramps at all four corners, crosswalks, and a concrete slab for the bus stop at this location.
