---

### How can we help you?

- Let us know your concerns. Contact us at [victoria@dyingwithdignity.ca](mailto:victoria@dyingwithdignity.ca) and we'll do our best to help.
- Let us know if you or someone you know faces **barriers to accessing MAiD** in BC: a refusal to provide information on MAiD; a refusal to make an effective referral if the physician objects to providing MAiD; or if an institution (hospital, health care centre, palliative care ward or long-term care facility) will not offer MAiD to patients who might request it. All communications will be confidential.
