Subject: RESPONSE: Banning Political Donations

Dear Jo-Anne

Thank you for your telephone call this morning and for your email dated 17 November. We apologise for the delay in responding.

Steve has provided the following statement:

“One Nation is concerned about political donations. This is an important political issue. After the election we are keen to see it addressed by world’s best practice measures.

If donations are to be banned, they must be banned from all sources e.g. Getup Unions and all businesses.”

Regards
