

December 3, 2017

Dear Elbert County Republican Central Committee:

I am excited to announce to the Committee that I will be running for Elbert County Treasurer as a Republican Candidate in 2018.

I have been employed in the Treasurer's office for the past 21 years. Ten of those years, I have been the Deputy/Assistant Treasurer. I am committed to Elbert County, the Treasurer's office, its citizens and staff. I am knowledgeable in the day to day operations of the office and take extreme pride in completing and submitting all deadlines timely and efficiently throughout the year.

I am self-motivated, organized and committed to serving the citizens of Elbert County professionally and responsibly.

As Treasurer, I plan to sustain and maintain the continuity within the office and provide an exemplary work environment, as well as provide excellence in customer service to our citizens. I plan to be a working Treasurer, which is to say, I will be able to provide support to staff in times of absences.

I believe in the Republican values of limited government and fiscal responsibility.

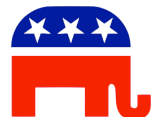

I moved to Elbert County in 1992. I have two daughters who graduated from Elbert School District 200 in 2006 and 2008. I have two granddaughters who are currently enrolled at Singing Hills Elementary. From 1999-2007, I was elected School Board Director for Elbert School District. I joined the Elbert County RWC in 2016 and am very proud and excited to announce I was elected as their Treasurer.

In closing I would just like to say, I know I have some big shoes to fill behind our current Treasurer Rick Pettitt. I look up to and admire the work and accomplishments Rick has done for Elbert County. As Treasurer, I will strive to uphold the same level of expertise and professionalism.

I look forward to seeing you all and visiting with you regarding any questions you may have for me, and would greatly appreciate your support.

Sincerely,

A handwritten signature in blue ink that reads "Sheryl Hewlett".

Sheryl Hewlett
