The Victorian Renewable Energy Target (VRET) will deliver 9000 jobs, reduce power bills and cut pollution.

**Four out of five Victorians support it.**

**So what about our major political parties?**

## LABOR

Victorian Labor introduced the VRET, which will deliver 40% renewable energy by 2025.

## GREENS

The Victorian Greens have a comprehensive plan for 100% renewable energy by 2030.

## LIBERALS

Victorian Liberals have said they would scrap the VRET if elected, putting at risk clean energy jobs, and increasing pollution.
