Whatever your choice, we hope you will participate and help make this event a success once more.

### The Event

The 15th annual Environs Kimberley Art Auction will again be exhibiting some of the best artworks the Kimberley has to offer at the Broome Convention Centre Chinatown, with its central location and ideal conditions for a professional display of the art.

**Come along and enjoy fantastic art, delicious food, a well-stocked bar, and great company!**

### Environs Kimberley Art Auction

Environs Kimberley has been at the forefront of successful efforts to safeguard special places in the Kimberley for over 20 years. We worked closely with traditional owners to protect the Fitzroy River, pushed hard to stop the industrialisation of James Price Point and advocated strongly to secure a high level of protection for the Kimberley coast and marine waters. These are great results but more needs to be done. The Kimberley continues to be seen as the 'last frontier', to be mined, irrigated and fracked, but we believe that the region — one of the world's last intact natural areas, maintained by the world's oldest living culture — deserves to be properly protected.

**Environs Kimberley is committed to protecting the nature of the Kimberley forever, and we can only do it with your support. Here is your chance to help ... We thank you for your support.**
