

WHAT YOU CAN DO TO RATIFY THE ERA

The Equal Rights Amendment (ERA) is a proposed amendment to the U.S. Constitution that guarantees women's rights. We are currently just one state short of ratifying the ERA.

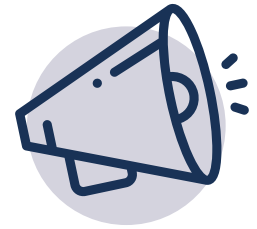

LEARN MORE

Many people think women are already protected by the U.S. Constitution. They are not! Learn more about the ERA & why we need it by visiting www.equalitynow.org/ERA

SPEAK UP

Let others in your community know that women are still not protected under our constitution. Talk about it on social media, let your friends, family & neighbors know that the ERA is close to ratification!
Use the hashtags #ERANow & #RatifyERA

CONTACT YOUR REPRESENTATIVES

If you live in one of the 13 states yet to ratify you can contact your state legislators & ask them to support the ERA. This includes AL, AR, AZ, FL, GA, LA, MO, MS, NC, OK, SC, UT, VA. If you live elsewhere, you can contact your Congressperson & ask them to support extending the ratification deadline.

DONATE

One great way to support the ratification of the ERA is to support us! We're working on the state and federal level to assure that the ERA gets ratified and becomes part of the U.S. Constitution!
