Zach was born in an hour, and he left this world in about 3 minutes. Zach was such a fun child, he had a very developed sense of humour that sometimes was exhausting for me! He told me lots, "Mom, I'm just joking around with you!". Zach was a goalie in hockey, a football player, a swimmer. He was almost 6 feet when he died, almost 200 pounds and size 13 feet at age 13.5 years old! I really miss him. As do his brother and sister and dad. As we figure out this world that doesn't include my son, I am glad more people get to meet him through website, memorial jerseys, and so on. Even though my son died, I will continue to share his story. Love Zach's mom.
