

Parker Otto Hanser

Age 15

September 24, 1999 -

March 13, 2015

Chesterfield, Missouri

Parker, the once quirky boy became one amazing, caring young man after spending the summer of 2014 with his grandparents in Englewood, Florida. That summer, Parker enjoyed helping in the retirement community of Brook to Bay and volunteering at The Moose Lodge on Sunday mornings where he would get up at 5 a.m. to help prepare breakfast. Parker changed so much that summer and I am so grateful that I had those last eight months with such a caring and helpful young man. Parker had a girlfriend for six months and took a job as a swimming assistant where his favorite students were those with special needs. Parker was our only son and also a triplet, his sisters lost part of themselves on that tragic day. Our five girls are now helping to spread the word about this deadly so-called game. Parker loved children, especially those with special needs, and planned to work in that area when he was older. Parker also loved to watch Criminal Minds, CSI, Law & Order and various other crime shows. Parker always tried to re-create scenes and experiments from those shows. Parker thought he was invincible and that nothing bad would ever happen to him.
