### **Dr. Stoler Campaigns as The Inclusion Candidate® in November!**

**HOLMDEL, NJ ---** At a gathering of friends and supporters Saturday March 31st in Middletown New Jersey, Dr. Felicia Stoler announced she's skipping the June primary to run instead as "The Inclusion Candidate®" on the November general election ballot.

Dr. Stoler explained that issues important to her include term limits and tort reform but as "The Inclusion Candidate®" on the November ballot she'd be able to focus on all the issues vital to the vast majority of voters in New Jersey's 4<sup>th</sup> congressional district.

Voters in New Jersey's 4<sup>th</sup> congressional district will have a choice for real representation and true transparency in November.
