### **Dr. Stoler Campaigns for a Term Limits Amendment!**

**HOLMDEL, NJ** --- “The time is now for a term limits amendment to the constitution” said New Jersey and 4<sup>th</sup> Congressional District native, Dr. Felicia Stoler as she campaigned recently with NJ Transit commuters on their way to work. Stoler added “We need term limits, we don’t need career politicians.”

As the centerpiece of her campaign platform Stoler pointed out that a constitutional amendment would be required to insure fairness. States without term limits would have an unfair advantage over states that impose term limits because seniority plays a major role in determining committee assignments, chairmanships and leadership positions. Everyone elected to the House and Senate would be subject to a maximum of 24 years of service.

Best known as “America's Health & Wellness Expert™” though first and foremost a mother, businesswoman, and healthcare professional, Stoler has served for fifteen years on the Governor’s Council for Physical Fitness, Sports and Nutrition. Dr. Stoler earned a bachelor’s degree in political science and sociology from Tulane University, a master’s degree in applied physiology and nutrition from Columbia University and doctorate in clinical nutrition from Rutgers University.

Dr. Stoler hosted the second season of TLC's groundbreaking series “*Honey, We're Killing the Kids!*” and authored “*Living Skinny in Fat Genes™: The Healthy Way to Lose Weight and Feel Great* (Pegasus).” She is a medical journalist who has been a contributor for USA Today, FoxNews.com, the Patch.com, Active.com and written several book chapters.
