**It's Official— “The Inclusion Candidate®” Dr. Felicia Stoler
is on The November Ballot!**

HOLMDEL, NJ --- “It’s time voters had a real choice” said “The Inclusion Candidate®” Dr. Felicia Stoler, a native of the 4th Congressional District in New Jersey and lifelong Republican. Dr. Stoler added “We need term limits, we don’t need career politicians!” She’s called for a term limits amendment to the U.S. Constitution.

After she filed her petition for the November election under the designation of “The Inclusion Candidate®,” Dr. Stoler pledged to be an “independent minded” representative in a 3-way race. Dr. Stoler said Government should “remain out of our bedrooms, bodies and bathrooms.”

Dr. Stoler is a common sense fiscal conservative and social

moderate who looks forward to carrying on the historic legacy of great New Jersey Congresswomen like Millicent Fenwick and Marge Roukema.
