# Tyrants to be registered with gun owners <br> therealwritewinger in Uncategorized <br> © July 5, 2016 폳 804 Words 

If you're a gun owner in California, the government knows where you live. With the recent anti gun, anti Liberty bills passed by the legisexuals in the State Capitol and signed into law by our senile communist governor, isn't it about time to register these tyrants with gun owners?

Compiled below are the names, home addresses, and home phone numbers of all the legislators who decided to make you a criminal if you don't abide by their dictates.
"Isn't that dangerous, what if something bad happens to them by making that information public?" First, all this information was already public; it's just now in one convenient location. Second, it's no more dangerous than, say, these tyrants making it possible for free men and women to have government guns pointed at them while they're hauled away to jail and prosecuted for the crime of exercising their rights and Liberty.

These tyrants aremellongerigaingsko becinsuhatedifnominus. Rageyotised their power we entrusted them with to exercise violence against us if we don't give up our rights and Liberty. This common sense tyrant registration addresses this public safety hazard by giving the public the knowledge of who and where these tyrants are in case they wish to use their power for violence again.

So below is the current tyrant registry. These are the people who voted to send you to prison if you exercise your rights and liberties. This will be a constantly updated list depending on future votes, and if you see a missing address or one that needs updating, please feel free to contact me. And please share this with every California gun owner you know.

To be fair, the only way for a tyrant to have their name removed from the tyrant registry is to pass laws which repeal the laws that got them added to the list, or upon the tyrant's death. Otherwise, it is a permanent list, even after the tyrant leaves office. The people will retain this information and have access to it indefinitely.
