

Complete the Lafitte Greenway

SIGN THIS PETITION TO EXTEND THE GREENWAY TO CANAL BLVD!

our goal:

To complete the Lafitte Greenway's final ½ mile from Mid-City to Lakeview, as defined in the City's *Lafitte Greenway Master Plan*. Today, the Lafitte Greenway ends short of the planned Canal Boulevard Lakeview Trailhead.

what is the Lafitte Greenway?

The Lafitte Greenway is a bicycle and pedestrian trail and greenspace, opened in 2015, that provides a safe path for travel from Mid-City to the French Quarter. 300,000 people use this converted rail corridor annually.

why isn't it complete?

There is active rail on the final ½ mile section. With City leadership and railroad partnership, we can complete the Greenway trail alongside the railroad—a "rails-with-trails" model, used nationwide.

why now?

A new City administration creates new opportunities to find leadership for this effort, at a time when the railroad has also opened the door to negotiations.

what are the benefits?

- Provides a safe bicycle and pedestrian path for travel to schools, grocery stores, playgrounds, businesses, and to the French Quarter & CBD.
- Encourages healthy physical activity, and increases recreation options.
- Includes sustainable stormwater management features.
- Provides connection to Cemeteries Transit Center.

how can I help?

1. Sign and return the petition below or at LafitteGreenway.org/extend.
2. Spread the word!
 - Ask 5 friends to sign this petition.
 - Talk to your neighbors about the Greenway's completion.
 - Invite us to speak with your community group —info@lafittegreenway.org, 504.702.6777
