

In July's newsletter:

1. Words cannot describe.
2. A WIN!!
3. Another WIN!!
4. Info session link from Eden Grove Artist in Residency Program in case you missed it, 4 artists were in attendance!!
5. The Fight for Old Growth continues.
6. Interested in an art inspired action to protest the logging of Old Growth?

1. Words cannot describe the horror of the continuing body count of Indigenous children who died at the hands of the church and state under our government. [So take action instead.](#) Make no mistake, there is a direct link between the violence we are seeing inflicted on the land and the violence we have seen and are seeing against Canada's indigenous peoples. Reconciliation with the people cannot happen until there is reconciliation with the land.

2. I wanted to start by letting everyone know that on June 21 we had a WIN with one of our actions supported by Dogwood! District 61 School Board has passed the motion to create a Climate Action Plan!!!!

We are pleased that there is now going to be some momentum and a plan will be in place that we can monitor and hopefully influence where appropriate.

Thank you for your support!!

3. [Bill C-12 Passed!!](#) Climate Accountability Legislation in Canada.
