

Frank Kitchen - “The Mindset Master Chef”

Long Bio

Frank Kitchen is “The Mindset Master Chef.” He works with Organizations who want their people to break through mental barriers to cook up the dreams they hunger for. He has been blessed to work in-person and virtually with professional associations, major corporations, schools, colleges, universities, nonprofits, and civic organizations around the world. Frank never imagined his stories of success and failure could be used to empower audiences around the world to transform their personal and professional dreams into reality.

Frank’s dream of living the life of a full-time professional speaker and business owner began on June 18, 2015. It was Father’s Day Weekend and he had just been fired by his employer. His son was 2 years old and my wife was 7 months pregnant with their daughter. Frank questioned how he was going to provide for his family. That weekend he committed to living the dream he had been “talking” about for years. Frank would apply the knowledge and skills I gained as an Entertainer, College Student Leader, Award-winning Toy Store Manager, Employee Trainer, Salesperson, Coach, and College Educator to start a thriving business.

With the support of his wife, family, and friends, Frank developed the “I Live F.R.E.S.H.” recipe he teaches to his audiences and clients.

When he’s not speaking, Frank practices what he teaches by coaching the art and business of public speaking, volunteering with the Non-Profit [Hustle PHX](#) as a mentor for aspiring entrepreneurs; and by raising millions of dollars annually for non-profits as one of the First African American Fundraising Auctioneers in the world.
