Funders Together
TO END HOMELESSNESS

2018 Funders Institute

*What is Prevention? Working with Other Systems to
REALLY End Homelessness*

July 23-25, 2018 | Washington, D.C.

*in conjunction with the
National Conference on Ending Homelessness*

Check out who's joining us at the 2018 Funders Institute!

Time is running out to register for the 2018 Funders Institute! Registration for the full National Conference on Ending Homelessness conference is closed, but Funders Together has secured very limited spaces for funders at both the 2018 Funders Institute and National Conference on Ending Homelessness. [Funders can register for the conference AND the Institute through Funders Together](#). If you are unable to attend the full NAEH conference but would like to attend the Funders Institute, you still have the option of registering for the Monday-only portion of the event.

Funder peers from across the country will be joining us to discuss homelessness prevention and explore how the intersections of homelessness with health, education, workforce development, criminal justice, and others are critical to ensure we both end and prevent homelessness for all. [Take a peek at who is attending the Institute](#) and make plans to connect!

As a reminder: this year's Institute will once again be extended throughout the National Conference on Ending Homelessness! This means that in addition to the valuable content planned for conference participants, each day will feature workshop sessions planned by Funders Together with content and discussion exclusively for private funders.

[Five Takeaways from the Inaugural Foundations for Employment and Housing Meeting in Houston, TX](#)

In March, Funders Together's Foundations for Employment and Housing community members came together in Houston to learn about how the city integrated its homeless services system with the public workforce system to ensure all people receiving homeless services can access both employment and housing. In addition to learning from our hosts, community members spent time getting to know one another and sharing their current work – including opportunities and challenges.

[Webinar Recording: Education and Homelessness - Working Together for Students Experiencing Homelessness Part 2](#)

In May, we hosted Part 1 of this conversation, which covered how housing instability impacts student outcomes and how the education system is uniquely suited to address student homelessness. Part 2 of the conversation discusses how philanthropy can support students experiencing homelessness.

[Featured Member: The Raikes Foundation](#)

Founded in 2002 by Jeff and Tricia Raikes, The Raikes Foundation invests in youth-serving institutions and systems to make them more effective in supporting and empowering all young people, especially those who have been most marginalized. We spoke with the Foundation to learn about its focus on youth and young adults experiencing homelessness, its various role in advocacy efforts, and the strengthened commitment to enhancing its equity work. [Census 2020 Resource Page](#)

An accurate census count is essential to our efforts to prevent and end homelessness. As funders, we can support our grantees to help ensure a fair and accurate count and can come together as a united group to support local planning, inform policy makers, and educate non-profits. This page provides resources specific to the 2020 Census and philanthropy's involvement from our partners and members.
