 **Funders Together**
TO END HOMELESSNESS

2018 Funders Institute

*What is Prevention? Working with Other Systems to
REALLY End Homelessness*

July 23-25, 2018 | Washington, D.C.

*in conjunction with the
National Conference on Ending Homelessness*

Registration for the 2018 National Conference on Ending Homelessness through the National Alliance to End Homelessness is officially closed.....

BUT - as a funder, you can still register through Funders Together!

While registration for the full conference is closed, Funders Together has secured limited spaces for funders at both the 2018 Funders Institute and National Conference on Ending Homelessness. [Funders can register for the conference AND the Institute through Funders Together](#). If you are unable to attend the full NAEH conference but would like to attend the Funders Institute, you still have the option of registering for the Monday-only portion of the Institute.

We hope you will join us and your funder peers to learn about homelessness prevention and explore how the intersections of homelessness with health, education, workforce development, criminal justice, and others are critical to ensure we both end and prevent homelessness for all.

As a reminder: this year's Institute will once again be extended throughout the National Conference on Ending Homelessness! This means that in addition to the valuable content planned for conference participants, each day will feature workshop sessions planned by Funders Together with content and discussion exclusively for private funders.

We are always looking to highlight the impact of our members. If you would like to feature your work in an upcoming blog, [let us know!](#)

[Census 2020 Resource Page](#)

An accurate census count is essential to our efforts to prevent and end homelessness. As funders, we can support our grantees to help ensure a fair and accurate count and can come together as a united group to support local planning, inform policy makers, and educate non-profits. This page provides resources specific to the 2020 Census and philanthropy's involvement from our partners and members.
