[2018 Funders Institute](#)

July 23-25, 2018
Washington, D.C.

As funders increasingly turn their attention to preventing homelessness, we must consider what it means to be both intentional and intersectional.

Join us at the [2018 Funders Institute](#), held in conjunction with the [National Conference on Ending Homelessness](#), to learn how philanthropy is uniquely positioned to help prevent and, ultimately, end homelessness!

We will discuss how funders are thinking about prevention and how working intentionally with other systems is critical for success. Together, we'll explore the intersections of homelessness and health, education, workforce development, criminal justice, and more.

We are excited to announce that we will once again be offering an extended Funders Institute throughout the National Conference on Ending Homelessness! In addition to the valuable content planned for conference participants, each day will feature workshop sessions planned by Funders Together with content and discussion exclusively for private funders.

This format means you can register for the conference AND the Institute through Funders Together. If you are unable to attend the full NAEH conference but would like to attend the Funders Institute, you still have the option of registering for the Monday-only portion of the Institute.

Please note: Funders should NOT register through the National Alliance to End Homelessness. Your conference and Institute registrations can be purchased together through Funders Together to End Homelessness.
