HOMELESSNESS ENDS HERE

A New Membership Structure for Sustainability and Impact

We truly believe in the strength of philanthropy's collective power in ending homelessness and Funders Together strives to support funders working on this issue throughout the country. As the power of our network grows, it is important that Funders Together ensures its long-term sustainability and continue providing high-quality resources and programming to our members.

As many of you hopefully know, in order to achieve and sustain our long-term goals, Funders Together has slowly been transitioning to a [two-level membership structure](#) with Full Members who pay annual dues, and Basic Members who do not pay dues.

While Full members have access to all of our online resources, free or discounted rates on programming, and technical assistance from Funders Together staff, Basic members will experience limited benefits and access to online resources starting in January 2019. Basic Members will still have access to all Funders Together programming including in-person convenings, webinars, member calls, and communities of practice, but at a different price point than Full members. You will start to see these changes on our website and in our emails starting at the beginning of next year.

If you have questions about your membership with Funders Together or what this change means for you, please don't hesitate to contact Stephanie Chan, Director of Membership and Programs, at stephanie@funderstogether.org or 617-245.0314 x105.

*in conjunction with the
2019 Solutions for Individual Homeless Adults National Conference*

[2019 Funders Forum](#)

February 20, 2019
San Diego, CA

Time is running out to register for both the 2019 Funders Forum and the [2019 Solutions for Individual Homeless Adults national conference](#) through Funders Together! If you are planning to attend both the full conference and Funders Forum, you must register for this option through Funders Together by Friday, December 28th.

On Wednesday, February 20th, prior to the Solutions for Individual Homeless Adults National Conference, the Funders Forum will focus on unsheltered homelessness, what funders around the country are doing to prevent and end it, and how to build the public and political will to change the system.

While registration for the 2019 Solutions for Individual Homeless Adults national conference is sold out, Funders Together has worked with the National Alliance to secure very limited spaces for funders to still register by attending both the 2019 Funders Forum and full national conference! You may choose to attend the Wednesday's Funders Forum only, or attend both the Forum and 2019 Solutions for Individual Homeless Adults national conference. Funders must register for the sold-out conference AND the Forum [through Funders Together](#) by December 28th.

After December 28th, the limited spots we have reserved for the full conference will be released and you will no longer have the option to register for the Solutions for Individual Homeless Adults national conference.

However, if you are unable to attend the full NAEH conference but would like to attend the Funders Forum, you will still have the option of [registering only for Wednesday's Funders Forum](#). Registration for the Funders Forum will not close until closer to the event date.

[Community of Practice: Foundations for Racial Equity](#)

January 2019 - December 2020

The registration deadline for our newest community of practice, Foundations for Racial Equity, has been **extended to January 11th, 2019!**

Those interested in joining Foundations for Racial Equity now have until Friday, January 11th to sign up and join other funders working at national and local levels to build relationships with peers, learn together about systemic racism in housing and homelessness, and lead the field in equitable solutions to end homelessness.

From January 2019 to December 2020, participants will meet twice a year in-person and convene virtually every month for training and peer coaching. The goals for the community are to understand how systemic racism in housing and homelessness continues to affect systems today and articulate a call to action for other funders on how to reduce racial inequities.

In March of 2017, voters approved Measure H, a quarter-cent sales tax to fund supportive services, housing, outreach and prevention services for people experiencing homelessness in Los Angeles County. Over a year and a half later, the public is asking where Measure H dollars are going and how this fits into building a more comprehensive system to eradicate homelessness.
