

FTEH IMPACT REPORT

This month, we released our [2018 Impact Report](#), which reviews our collective accomplishments over the past year as a network working to end homelessness and sets the groundwork for our efforts in 2019. Over the next few months, our Member News will highlight compelling facts, figures, and outcomes from the report and give insight on what this means for the work over the next year.

We invite you to review the [2018 Impact Report](#), share with colleagues, and take pride in being a crucial part of the momentum behind efforts to prevent and end homelessness for all. Funders Together is only as strong as its members and it is clear this thriving network continues to contribute meaningful change to the field.
