

**Funders Together**

HOMELESSNESS ENDS HERE

## 2019 Networking and Learning Sponsorship Opportunities

Funders Together to End Homelessness is a national network of more than 230 funders working to end homelessness. Our organization provides critical resources, technical assistance, and programming to our members to increase their knowledge, capacity, and effectiveness in their individual and collective work to prevent and end homelessness. We work to help improve grantmaking impact and allow funders to contribute to a larger national movement to prevent and end homelessness.

One way we facilitate this is through our Networking and Learning Opportunities consisting of online programming, member calls, and in-person convenings.

Each year, we host our two largest in-person events in conjunction with the National Alliance to End Homelessness's conferences. The Funders Forum, held in February, and Funders Institute, held in July, bring together funders from across the country to connect with peers, share best practices, hear from partners, and inspire action. In 2018, these convening brought together nearly 125 funders from more than 40 organizations to learn about racial equity in homelessness, prevention, working across sectors, and how to engage in local and federal policy.

Our monthly online programming is designed to educate funders on timely topics and issues, alert them to advocacy and policy developments, and inspire meaningful dialogue at their foundations. In 2018, we hosted 19 online programs reaching more than 220 funders. In 2019, we aim to strategically increase the number of online programs we offer to ensure we are educating funders on a broad spectrum of populations, intersectional issues, and emerging topics in a timely and effective manner.

**We invite you to support funders in their journey to engage, learn, and network with peers and national partners in order to inform their work to prevent and end homelessness.**

As a sponsor of our programming, you publicly demonstrate your commitment to leveraging philanthropic dollars in strategic ways and creating spaces for funders to connect and collaborate in order to end homelessness in communities across the country.

The next page features our five sponsorship opportunities. If these packages don't align with your needs or goals, we are more than happy to work with you to create a custom sponsorship package to fit your organization's desire to support Funders Together programming.

## 2019 Networking and Learning Sponsorship Levels & Benefits

### NETWORKING AND LEARNING SERIES SPONSORSHIP | \$20,000

*As a Networking and Learning Series Sponsor, your gift will provide broad support for both this year's online programming and in-person convenings which include inspiring speakers, peer-to-peer funder discussions, and important intersectional issue-based learning opportunities.
