ANC Resolution No. 2017-007

ANC5E RESOLUTION No. 2017-007

RE: BZA Case 19377

WHEREAS, the subject of Board of Zoning Adjustment Case No. 19377, St. Paul's College (St. Paul's) lies within the boundaries of Advisory Neighborhood Commission 5E (ANC5E), Single Member District 5E01 (SMD5E01); and

WHEREAS, the St. Paul's site is proposed to have 60 rowhomes built by Boundary Companies and Elm Street Development and a new 20,000 square foot building for the Missionary Society of St. Paul the Apostle (Paulist Fathers). The 100,000 square foot building formerly occupied by the Paulist Fathers is now occupied by Washington Leadership Academy and Lee Montessori Public Charter Schools.

WHEREAS, the existing St. Paul's building and land were previously part of a larger St. Paul's campus and were subdivided from the campus subject to the Planned Unit Development process approved by the Zoning Commission (ZC) in ZC Case No. 07-027, November 10, 2008, in which the Paulist Fathers and EYA developed 237 townhomes as Chancellor's Row.

WHEREAS, the priorities of ANC5E in reviewing the project are to provide additional housing for a growing community, including an affordable component; to preserve as much green space as possible as former institutional uses are converted to residential; and minimize the impact of new development on the existing community during and after construction.

WHEREAS, Boundary Companies, Elm Street Development, and the Paulist Fathers (development team) have committed to an inclusionary zoning component of 9 homes, comprised of 3 homes at each of the 50%, 60%, and 80% of AMI levels.

WHEREAS, the development team has offered the use of the playground and open green space remaining after development is complete to the broader community for recreation. The development team has also pledged to develop a detailed tree preservation plan.

WHEREAS, the development team has moved the location of the new Paulist building to a minimum of 75 feet from existing homes and the new townhomes a minimum of 40 feet from existing homes. The development team has pledged that no construction traffic or residential traffic will be routed through the Chancellor's Row neighborhood.

NOW THEREFORE, BE IT RESOLVED, that ANC5E hereby requests that the BZA approve the application of the development team for a special exception in case #19377.

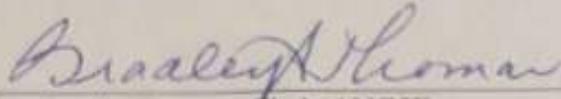

Commissioner Edward Garnett (5E01@anc.dc.gov) is the Commission's representative in this matter.
