

Let's Keep Our Sidewalks Safe this Winter!

.Shovel .Snow and Help Neighbors

Many people in Florencia walk as their main source of transport, and snow-covered sidewalks are DANGEROUS, especially for students, the elderly, and people with disabilities.

How to report:

The City of Moline requires property owners remove all snow and ice from sidewalks within **12 hours after the snow stops falling** (or 12 hours after sunrise if it stops during the night).

Report sidewalks that need to be shoveled to the **City's Neighborhood Improvement Officer (309.524.2014)**. All reports are completely anonymous – you do not need to leave your name.

What about renters? This should be outlined in the rental agreement, if it isn't, ask the landlord who is responsible (although chances are the landlord will say it's the renter's responsibility).

What does reporting do? For the 1st violation, the owner will receive a letter outlining their responsibility to shovel sidewalks. If the same property gets reported multiple times and is found in violation, it could result in a fine of up to \$750/day.

- Be sure to report early – snow melts so if it is reported late, the "evidence" may be gone.
- Pay special attention to the routes children walk to school.

STRONG
NEIGHBORS BUILD
STRONG
COMMUNITIES

How to help the elderly and people with disabilities:

- Do you have a neighbor that is physically unable to shovel their sidewalk?
- Are you interested in helping shovel for your neighbors that need assistance?

If the answer is "yes" to either of these questions, contact **309.207.1327** and Global Communities will connect you with the "Florencia snow corps" to make sidewalks safe!
