

WILKO – PAY BULLETIN PAY CLAIM 2020

Dear Members

The company has sent around today information on the national living wage increases, which come into effect from 1st April 2020.

The GMB pay claim has not been settled and we want Wilko to uplift rates over and above the national living wage and GMB wants an increase for level 2's and above.

We will update you when further discussions with Wilko take place.

All Wilko workers deserve a good pay increase, especially in these unprecedented times.

**GARY CARTER
GMB NATIONAL OFFICER**
