Job Description

Currently we are looking for candidates for the position of: **Production Operator 1**

Location: Grimsby

Department: Production

Job Grade: 9

The Solenis site, based in Grimsby produces products for the oilfield and mining industries. The plants are considered state of the art with modern technology and are fully automated. If you are successful in your application, you will be joining the Operations team on the Grimsby site which offers great opportunities to develop your skills, knowledge, and career.

Duties & Responsibilities

As part of a team in the plant area:

- You will work within EHS requirements to ensure safe working systems and practices are followed, including safe isolation of the plant as instructed, permit risk assessment and maintaining housekeeping standards.
- You will take responsibility for personal actions and the safety of others, ensuring personal compliance with all COMAH critical procedures which control the major accident hazards in your area.
- You will monitor plant equipment on plant or via the plant control system.
- You will carry out manual tasks including simple maintenance tasks, raw material offloading and addition, sampling, in-process testing, packing and transporting materials using a forklift truck.
- Through effective teamwork, you will operate and support plant, warehouse, tankfarm and process, including contribution to departmental performance improvements.
- You will maintain a flexible approach to the role as required, to support the business needs of the department, cluster and site as instructed.

- Effective 2-way communication with members of your team, Shift Managers and others is essential including shift handover, recording of key information e.g. logs, simple SAP transactions etc.
- You will become a member of the site emergency response team.

The Individual

- You will have 3 GCSE passes or equivalent including English Language, Mathematics and one Science subject.
- You must have a forklift license or the capability to pass a fork lift truck training course
- You also have a basic level of computer literacy.
- For this role, you must have the physical capability to carry out manual tasks including.

Salary & Benefits
