Thank you for making your contribution electronically. We try hard to be good stewards of your donations and have discovered this means of giving is by far the most cost effective means for us to receive and saves a great deal of staff time. Most important is that your giving electronically allows us to plan. You are enabling the staff and volunteers to spend our time on the missions and less time managing day-to-day expenses as we can count on receiving your gift on a scheduled date. We appreciate your willingness to share in this meaningful way. We trust you will find the convenience equally as satisfying. We ask you to complete the form as some items are required by the Texas ethics commission.
